EDUCATION

M.Sc. Data Science and Machine Learning — Hellenic Open University, 2024

B.Sc. Mathematics — Aristotle University of Thessaloniki, 2021

TECHNICAL SKILLS

Languages: Python (Pandas, NumPy, Scikit-learn, TensorFlow), SQL (BigQuery, PostgreSQL, SQLite), R

Visualization & BI: Power BI, Tableau, Excel, Matplotlib, Seaborn

Analysis & ML: Statistical Analysis, Feature Engineering, Hyperparameter Tuning, A/B Testing, EDA, Regression, Classification, Clustering

Tools: Git, Docker, Microsoft Azure, MLflow

PROJECTS

Thessaloniki Short-Term Rental Market Analysis

- Analyzed 4,124 Airbnb listings to assess regulatory compliance, host dynamics, and market health
- Used non-parametric statistical tests with effect size reporting
- Built interactive Power BI dashboard for geographic and temporal pattern exploration

Python, Power BI

Credit Risk Classification

- Built ensemble classifier combining SVC, Logistic Regression and Random Forest
- Implemented custom cost function (FP=5, FN=1), SMOTE for class imbalance and threshold tuning
- Tracked experiments with MLflow; deployed demo app with Streamlit

Python, MLflow, Streamlit

A/B Testing with Multi-Armed Bandit Optimization

- Compared frequentist A/B testing with Thompson Sampling for CTR optimization
- Built Flask simulation framework; Bayesian approach showed 15-20% better cumulative rewards

Python, Flask

Bike Sharing Customer Segmentation

- Analyzed 5.8M+ rides to identify behavioral differences between casual and annual members
- Provided recommendations for converting casual riders to members

SQL (BigQuery), Python, Power BI

CERTIFICATIONS

- [Azure Data Scientist Associate](#)
- [Power BI Data Analyst Associate](#)
- [Azure AI Fundamentals](#)

EXPERIENCE

Mathematics Tutor — Self-Employed, Serres | 2018 – Present

- Teach middle and high school mathematics; prepare students for Greek National exams
- Developed clear explanations for complex concepts across diverse learning styles
